Class Objective:

(please read these with your kids!)

Our structured classes are designed to improve the skills and confidence of each participant within the sport of Ninja Warrior, whilst in a fun and safe learning environment. For the safety of all participants in each class, students are required to show focus, discipline and determination in order to progress their skills. Through our class mini comps, we encourage ninjas to aim to achieve their best each week and as they progress throughout the term. We will not tolerate any form of negative/ disruptive behaviour or bullying in our facility. We are a Ninja Warrior Community designed to grow and support each other in each and every ninja's journey.

- Always give the obstacles a go! If you come off, just get straight back up and keep going. No one becomes a ninja by giving up! Practice is the key to success!
- ALWAYS stop what you are doing and listen when the Coach is giving instructions.
- ONLY USE THE OBSTACLES SET FOR YOUR CLASS!
- Appropriate gym attire must be worn at all times.

Class mini comp info.

At the end of every lesson, we have a mini comp round. This is where we put all 4 obstacles from that lesson together and the participants have 1 attempt to complete each obstacle and gain points. This is based on an honesty system and encourages students to take responsibility for their performance, show determination, understand and overcome the pressure of a competition environment and to track their own progress over the term.

Do you have any existing injuries, medical conditions of any kind or illness incl. Asthma/ Anaphylaxis? Y / N
